

General requirements:

- The conference languages are Lithuanian and English, so the poster presentation should be prepared in one of these languages.
- The presentation should include the author's (or co-authors') name(s), surname(s), academic degree(s), and the name(s) of the institution(s) represented.
- On the day of the conference, the poster can be displayed in the designated area during participant registration. The stationery means for attaching the poster will be provided.

Size and format.

- The format of the poster presentation is A1 (594 x 841 cm) with vertical orientation.
- The font size for the presentation title should be 72 pt, while the recommended font size for other text is 24–28 pt.
- It is recommended to maintain a balance between visual and textual information, avoiding an overload of text.
- The poster should be designed following the provided example, which can be downloaded here <https://www.mokytoju-ugdymas.sa.vu.lt/registracija>

Additional requirements for foreign presenters unable to attend the conference. A poster presentation prepared according to the specified requirements has to be sent to the organizers in PDF format by **November 22**. It will be posted on the conference website.
